Dear

Gwyneth
Customer Support

The information i submitted is related to Truthfinder but was not directly addressed To Truthfinder.

You were included as a CC: as a connective reference to the content that was placed to find some extensions to the number of contact persons to become publicly aware of the issues that are being intentionally roadblocked by county and local authorities to include: San Bernardino Police Department, San Bernardino County District Attorney's Office and more specifically this recent directed content my county health Department of Behavioral Health.

Also includes history of my encounter of attempting to open a 911-Text-Interface to find another route of.resolves.

I have been a long term paid member of TruthFinder.

From this list... you might conclude to say this is a very serious matter, which it is.

One of the reasons why truthfinder is incorporated into my life is so that I can verify new contacts seem to get around all sorts of protocols 2 interfere as fraudulent communication intent that are sometimes rather disturbing.

I have a public address I need to have a forum for a correction to take place in my life.

But there is no option here in this County. There is no option till what would seem to me normal is not normal.

What would seem to be effective officials doing what would be their jobs are not doing those jobs tasks.

Be cutoff from all kinds of effective communication is at the root of this problem.

There is a conspiracy here.

Yes this has been submitted to the United States Department of Justice.

Now I know once you mention that word "conspiracy" all hell goes against the person for just mirror that speculation.

But it's more than speculation.

By knowing what I have put into presentation form... And that my connections with my Mike A Bires former local police officer for the Azusa Police Department prior to his stint as a sort of celebrity status using the name across social media as iSocialCop that gained notoriety enough for him to have been given a popularity standing to establish a law enforcement educational program on the legal and appropriate established interfaces to the public for on social media called (<http://lawenforcement.social>),

I live am I now hometown San Bernardino once again.

I have been encapsulated in a scheme be a targeted individual of gang stalking for 15 years in a perpetual state of homelessness

This started in 2005 in Oakland California and it has traveled with me region to region as I attempt to re-establish services and Doctor provider care in HIV and housing and HIV government programs.

Now why should you care?

Let us first establish the Main phone number for the San Bernardino County District Attorney's office for which now Mike Bires is the public relations official.

And then perform a truthfinder report on that main district attorneys Office number!

Check the numbers on yourself this is the absolute truth.

Re: [Marxism] California Prosecutor Called Maxine Waters a 'Loud Mouthed C-Word in the Ghetto.' His New Boss Calls it 'Salty' Language

PREVIEW

Shaun King, the black rights activist, sent this out through his organization earlier. There are some e-mail addresses to send complaints. I sent an e-mail. Amith, Today I need you to take a few important action steps, OK? As you already know, prosecutors and district attorneys are the gatekeepers of America's criminal justice system. No single person plays a larger role in the machine of mass incarceration. That's why when we see a bad actor in this system, we have to call them out. Today – that man is Deputy District Attorney Michael Selyem of San Bernardino, California. He basically runs the huge DA's office there and prosecutes more people than anyone else in the county. Let me tell you what he recently posted about Rep. Maxine Waters on social media. I apologize in advance for the vulgarity. He said: *"Being a loud-mouthed cunt in the ghetto you would think someone would have shot this bitch by now."* Yeah. He said that. To be clear, he doesn't even deny it. He has a long history of being deeply bigoted and offensive online. Those are his actual words. And this man is expected to give equal and fair justice to all? To women? To communities of color? That's impossible. Any man who not only thinks like that, but is bold enough to share it publicly, is a danger to us all. He should've been fired immediately! PERIOD. No man who thinks and speaks like this needs to be a prosecutor of justice in this county. So here's what we're going to do. We're going to let the DA's office know how we feel. 1.
